We have provided some key information for you in this booklet so that both you and your child can be ready to return to school this September.

If you have any questions or concerns, please do not hesitate to contact us.

We are looking forward to seeing you soon.

Start and End of day

To help reduce the number of people on the playground, we are staggering the beginning and end of day for different year groups.

	Arrival time	Collection time

Year One and Year Two	8:45-9:00	3:10-3:20

Please observe the 2 metre social distance rules at all times.

Reception, Year One and Year Two children will enter school via the **main gate** (closest to Balaam Wood School).

You will wait in a line outside the gate, just like at the supermarkets, using the floor markers as a social-distancing guide.

We are operating a **one-way system**, so please make your way across the playground, leaving through the gate near the Children's Centre.

At the end of the day, children can be collected from their classroom.

Please stand well clear of the exit doors and wait for your child to come out to you.

Children are expected to arrive and be collected during their designated time slot.

If children arrive, or are collected late, parents must report to the school office.

In line with government guidance and to help aid social distancing:

Children will be kept in a class 'bubble' wherever possible throughout the day. This may extend to a year group bubble at certain times, for example, sharing toilet facilities and the playground at lunchtime.

The children will use their own stationery (provided by school) throughout the day. When not in use, these items will be kept in the child's own drawer.

If a child becomes unwell in school and shows any symptoms of COVID 19 they will wait in the isolation room until their parent or carer arrives to take them home.

Therefore, it is really important that we have up to date contact numbers for parents so that we can contact you if your child is taken ill.

The child will only be allowed back into school once they have been tested for COVID 19 and has completed the necessary isolation period.

The same will apply to any staff member developing symptoms.

If your child is sent home, you will be given further guidance on how to access testing, etc, when you collect them.

If school becomes aware that someone who has attended school has tested positive, we will contact the local Health Protection Team and will follow the advice given by them.

Could you please also ensure that **all** uniform (including coats and P.E. kits) are labelled (as there are 232 children in school with the same clothes) This makes it a lot easier for us to return them to you if they go astray.

- helps children access other areas in their learning
- creates more possibilities for future lives and achievements.

*Reading **every day** has a huge impact on your child's ability to read well.
Please ensure that you spend a few minutes each day listening to your child and helping them to read.*

All children should have a book bag. Please make sure that your child's book bag is in school **everyday**.

Sending home regular letters is one of the many ways we communicate with you, so please make sure you check it daily.

Learning in Year Two

Our Curriculum

In English the children will be focusing on writing descriptions making sure that they include interesting adjectives and conjunctions (and, but, when, because, or, if, that, so). They will also be writing short narratives.

In Phonics we will be consolidating our Year One learning, for example, recognising alternate graphemes, before moving on to learning the Year 2 spelling rules. The children will also be learning to read and spell Year 2 common exception words.

In Maths we will be working on place value with numbers up to 100. We will start by writing the numerals up to one hundred and then work on counting in steps of 2, 3, 5 and 10 forwards and back. As well as this we will be comparing numbers and learning how to partition them into tens and ones.

The children will also be learning the following subjects in our 'Who am I?' topic: Art, Computing, Design Technology, Geography, History, Music, PE, PSHE, RE and Science. Please see the Knowledge Organisers that follow which include the 'Big Questions' the children will be exploring and vocabulary that they will be using. It will be a great help to your child's learning and understanding if you can discuss and use some of these words at home, too.

Holly Hill's Christian values will continue to be at the heart of everything we do. This half term the children will be learning about kindness, tolerance, love, hope, patience, respect, and forgiveness.
